### ANNOUNCEMENTS.

We are authorized to announce Hon. BRIG H. HARRIS, of Boyd county, as a candidate for the State Senate from the district composed of Boyd, Lawrence, Johnson and Martin counties, subject to the action of the Republican party.

Don't overlook the Statewide prohibition amendment to be voted on at all Kentucky precincts next Tuesday. If your election clerk should fail to give you a ballot, ask him for it.

President Wilson says the interests of the public come first and must be protected against these unjustifiable strikes. The high cost of living is due more to these strikes than to anything else. The public pays the cost of the strikes and the public is getting tired of it. There is no good excuse for any of the present strikes.

The oil industry is now the most important that we have in Lawrence and Elliott counties. The people need and want some legislation affecting it. E. E. Shannon is the man to get it through. Read his announcement in this issue. You will find it at the bottom of the first and second columns of this, the 4th page.

President Wilson kept the United States out of war long enough to show that he is very slow to engage in battle; but when the limit of patience and negotiations had been reached, he plunged into the fight with a vigor that astounded the world. He has been the true friend of labor, patient and helpful; but the element now in con-

trol of organized labor has shown itself incapable of appreciating anything, and the President has come to the end and notified the coal miners that if they strike Nov. 1st he will use the forces under his command to suppress the illegal, immoral and unjustifiable action. Lewis and his bunch, who are treating the contracts as "scraps of paper," like Germany did her agreements, will find themselves where they belong if they persist in their hold-up of the American people. It is time for Congress and its politicians to quit showing any regard for these law breakers.

A bond issue for roads does not cause you to pay any more taxes than you will have without it. The bonds run thirty years and a percentage of the regular taxes is set aside through the years to pay the bonds. You get the roads and the tremendous advantages to be derived from them and the bonds will be paid without you ever knowing how it happened.

There is no other way to build roads, because enough money cannot be otherwise raised at one time to do any good. It is like railroad building. There has never been a railroad built without borrowing the money or issuing bonds, which is the same thing. Vote for the bond issue at the election to be held December 20th.

The quickest way to reduce the high cost of living is to stop the strikes and put everybody to work producing things. Production would soon catch up with demands so that prices would get down to a normal basis, and everybody would be better off. It is idleness of a lot of men that is making high prices, discontent, suffering, anarchy, disorder. What is needed is more working hours instead of less. As a rule the man who works ten hours is better off financially, physically and

## THOUSANDS DIED OF INFLUENZA

Doctors Sound Early Warning to Prevent Recurrence of Dreaded Malady This Year.

Avoid closed rooms where there are a number of people. Sleep with your windows open, use a good gargle at night before retiring and every morning when you arise. Table salt and water can be used for this purpose. Keep yourself in good physical condition.

Get a box of Blacko Tablets from your druggist. They are easy to take and contain no calomel. One for adults and one-half of one for children taken every other night at bed time will assist nature in providing a gentle, sure acting laxative that will keep the system thoroughly cleansed and free from germs.

The influenza germs enter the box, through the nose or mouth and are carried to the intestine with the mucus. A constipated condition prevents the bowels from throwing off the poisonous matter allowing the germ to enter the system.

Blacko Tablets are sold by all druggists at 25c per box.—Advertisement.

### MY PLATFORM FOR REPRESENTATIVE

To the Voters of Lawrence and Elliott Counties:

**EDUCATION**—Free School Books. The State, using its own printing presses, and the inmates of the Reform School can publish its own books. It means an education to the inmates of the Reform School; the saving of thousands of dollars to the taxpayers of the State; and it helps the poor man educate his children.

**SEVEN MONTHS FREE SCHOOLS.** A salary of \$100 per month for teachers holding First Class Certificates; and \$85 per month for teachers holding Second Class Certificates. Teachers should have a living wage; and the children are entitled to the very best instruction that money can obtain.

**ROADS**—Repeal of 6-Day Law. Roads should be built by taxation. The "six-day" law is a discrimination against the poor man. All road money should be spent in the same Magisterial District in which it is collected.

**DOG LAW.** The repeal of this law should be had so that each farmer may have a watch-dog, free from taxation.

**JURY FEES.** Three dollars per day for jury service. Five cents per mile, to and from the county seat.

**OIL LEGISLATION.** Kentucky oil is the equal of West Virginia oil. The price received for our oil is much less than that received for the West Virginia oil. There is no valid reason for this condition. The Kentucky farmer should be protected in this matter; the oil should be graded according to quality, and laws enacted to secure a higher price for our oil.

**PENSIONS.** All unfortunate blind persons, born in Kentucky, more than 21 years of age, should receive pension of \$10.00 per month from the State. All widows, worthy and spotless in character, not owning their own home, and in need of this aid, should receive pension of \$10.00 per month from the State.

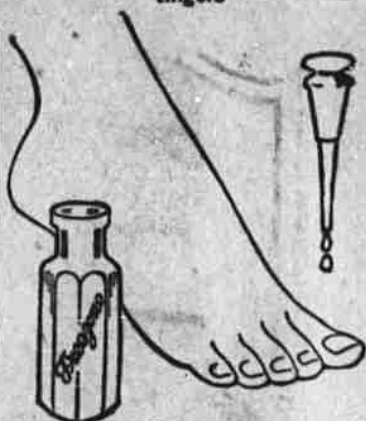

I pledge myself to use all honorable means to secure the passage of these laws; and upon this platform I solicit your support at the polls.

Respectfully,  
E. E. SHANNON.

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!  
A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful

mentally than he who works six or eight. Men who are in business for themselves work all the way from 10 to 15 hours per day. That is the way the successful ones get ahead. No slacker or loafer gets anywhere in the world. The fellows who vote to strike when wages are the highest ever known are slackers, loafers or anarchists. They force high prices and then kick harder than anybody.

It is often the case that a man without experience in business affairs or any training on practical matters seeks the office of Representative in the Legislature. The office is one of the most important in the State and should be filled only by men of mature judgment and those whose experience has given the proper conception of the needs of the people. The district composed of Elliott and Lawrence has a candidate who is a successful business man and one with energy enough to go after what is needed and wanted by the people of these counties. His name is E. E. Shannon.

## For Street Wear

--a brown Russia Calf lace boot with military heels

The days will soon be here, when the boot fashioned for "out o' doors" service will be in vogue. This model fills a need which is every bit as important to the well-balanced winter wardrobe as the finest dress boot. It is of course essential that the walking model be carefully fashioned from serviceable materials. The affinity of Russia calf for hard wear is well known, and the quality of this material selected for this boot is especially good.

### SOFT AND COMFORTABLE

In spite of the sturdiness of the materials from which this model is constructed, flexibility and comfort have not been sacrificed. The soles are of medium weight, while the toes are narrow and gracefully fashioned. The military heels are of practical width and height—a feature that makes it ideal for winter wear.

Offered in sizes from 2 1/2 to 8. Widths AAA to C.

Priced at \$10 the pair.

# Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your

taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
